

## **HCL Digischool**

This year on, we at SRMPS have entered into a tie – up with HCL Digischool . A product of HCL Infosystems Ltd, the HCL Digischool, content involves creativity, innovation and imagination that is engaging entertaining and rewarding. The high quality educational content makes teaching learning an enjoyable experience across classes I to XII. The multimedia content is able to generate productive and stimulating presentations that lead to greater retention and application to new situations.

Technology today is an essential ingredient in education which has to be adopted by schools in order to keep pace with the changing times. HCL Digischool has helped us to do that.

“If we teach today as we taught yesterday, we rob our children of tomorrow”.
